About Evernote

- Save your ideas, things you like, things you hear, and things you see.
- Evernote works with nearly every computer, phone and mobile device out there.
- Search by keyword, tag or even printed and handwritten text inside images.

How I Use It

- To keep track of interesting internet finds for my blog and the Boca Bits newsletter
- Hold my research for my blogs, and creative writing projects
- Blogging and computing tips and tricks
- Keeping as paperless as possible
