

Freeware SIG Notes – Digital Image Editors September 23, 2010

This session we will explore some free/opensource graphics programs, including some provided by Microsoft.

Some are very basic, and some very advanced. I have only listed the ones I have used, there are tons more available, just enter “best free image editor” into Google, and check them out..

Microsoft Paint

Included within the MSWindows operating system.

Irfanview

<http://www.irfanview.com/>

GIMP

<http://www.gimp.org/downloads/>

Portable

http://portableapps.com/apps/graphics_pictures/gimp_portable

Picasa

<http://picasa.google.com/>
