How Box works:

- Simple sharing**
Box.net's online file storage makes it easy to securely share content as a link or a shared folder with anyone — inside or outside your company
- Full-featured collaboration**
Create an online workspace where you can share project files, add comments, assign tasks, start discussions or create new content
- Powerful discovery and access**
Discover new content by viewing all the latest Box activity within your company or by searching the full text of all shared files with no extra investment

What users are saying:

"Box has certainly saved us money, but more importantly it's saved us time and energy. I take one or two fewer aspirin each month."
